PASTOR LEE

Those of His Congregation Who Were Barred Out Will Go to Courts.

APPEAL TO PRESBYTERY.

J. P. Stanley, Member of Church for Thirty Years, Expresses Indignation at Treatment.

A fight to a finish between Rev Lloyd Lee, pastor of the West-Presbyterlan Church, in West Prenty-third street, and a minority faction in the congregation, will grow out of the riotous election held in the based last night which led'to the calling out of the police reserves. Rev. Mr. Lee holds the controlling hand and intends to keep his hold, but the mai-montents are not dismayed.

John P. Stanley who works in his big soap factory at Twenty-ninth street and the North River, with a gingham apron around his waist and diamond rings on his fingers, is the leader of the opposi-tion to the pastor. He was laying plans to appeal the result of last metal's election to the highest court in

Tt looks funny to me," said Mr. Stanley to-day, "that I who have been a member of the church for thirty was should be barred out from an election by this young man from the wild and woolly West. We will fight sids matter to the court of last resort."

Rev. Mr. Lee said that he anticipated no more trouble. The disturbance last night, he asserted, was not of his seek-ing. He barred out persons who were in bad standing in the congregation. Reserves Called Out.

So great did the row become that a portion of the reserves of the West Twentieth street police station were called to preserve order. Women, hand-somely gowned, came in their carriages to take part in the election and were refused admittance, and swelled the crowd about the church gates, where they met other members of the church and again and again demanded admission to the edifice. All sorts of threats were made as to future action because of the refusal to admit them.

Inside the church Edward Stanton, a retired millionaire, had marshalled the

"regulars," as the pastor's faction is termed, and had lined up one hundred and thirty-two members in favor of the regular ticket, while the opposition had succeeded in getting together and in-side the bullding but fifty-nine persons

When the vote was announced the dis-

When the vote was announced the dis-senters inside declared their intention of applying to the courts to test the le-gality of the election and also to the Presbytery because of the voters who had been kept outside. The following were elected: Elders, John H. De Lamater, John D. Cluss, John E. Heartt, Carson G. Archibald,

James C. Gulick and Edward H. Slocum Deacons, Henry Brownlee, Elisha Bin-den, William Braunsdorf, William H. Pittenger.

Increased Pastor's Salary. As a final move the congregation, represented by the regulars, increased the salary of the pastor from \$2,000 to \$2,500

a year.
The row in the church has been on for a year. Opposition to certain plans of the pastor was manifested and a split in the church followed. Then many members were dropped from the rolls. An appeal was made to the Presbytery, and ten days ago these persons were

and ten days ago these persons were reinstated.

When it was decided to hold the election last night due notice was given. At the appointed hour ushers were put outside with elists showing those the authorities of the church deemed qualified to vote. All told 14 members of the church claimed to have been refused admission. More than this number gathered after the meeting in the Y. M. C. A. Bluiding across the street and held an indignation meeting.

Among those of the opposing factions who were kept out were John P. Stanley, the millionaire soap manufacturer; F. G. Kindlund, a deacon; W. Davie, a former descon, and M. Gailbrath, one of the trustees.

3.25 is the fixed price of the celebrated Kneipp underwear in the exclusive men's shop and wherever sold. Friday and Saturday the price for the SAME ABSO-LUTELY PERFECT QUALITY, label and all, at the Simpson Crawford Co. store is \$1.35. Every garment is pure Irish linen mesh, reinforced by a fine lisle thread. A new strengthening process having been adopted, we were able to purchase all the remainder of the garments, such as for years have been famed for their wearing qualities and health-giving properties, at less than half price. The same grade is in our store the year round at \$3.25, and cannot be sold for less. The biggest day we ever had in our men's furnishing department resulted from a sale of Kneipp underwear one year ago, when the price was \$1.50. This being the correct Summer weight, pure white quality, long or short sleeves-knee or ankle length drawers-and the price down to \$1.35—we have made preparations for a

THE KING OF BLOOD PURIFIERS In every collection of things there is a superior, one that stands

above all the rest and is known as the best, or king of its class. By its record of forty years of cures S. S. S. has demonstrated its superiority over all other blood purifiers and is known and recognized everywhere as the best-The King of Blood Purifiers. The people everywhere endorse it, and there are few homes where this great remedy is not known and used, and today there are thousands in all parts of the country who have been cured of diseases by its use and who are daily recommending it to those who are in need of a blood purifier. It has held the confidence of the public for this long period of time, and is more in favor now than ever before, because it does all that is claimed for it, and "S. S. S. for the blood" has grown to be a household saying.

One of its greatest claims to the title of "The King of Blood Purifiers" is that it is purely vegetable, being made entirely from roots, herbs and barks of the forests and fields, selected for their purifying and healing action on the blood and their fine tonic properties for building up and strengthening the entire system. Not so with the usual blood melicines, for they contain Potash and other strong mineral ingredients that derange the stomach and digestion, and otherwise damage the health.

Bad blood is responsible for most of the ailments of mankind. When from any cause the Liver, Kidneys, Bowels or other organs of bodily waste become torpid, dull or sluggish in their action, and fail to carry out the poisons which are being constantly formed in the system, these poisons are absorbed by the blood. As this vital fluid is the very life of the body, nourishing and supplying strength to every muscle, nerve, bone and tissue, disease in some form is sure to follow when it becomes contaminated.

Gentlemen:-My opinion of S. S. S. is that every bottle is worth its weight in gold. It has been used extensively in our family, given to both young and old, and always with the best results. It thoroughly cleaness the blood of all impurities, at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children as intimated, and found it to be non-injurious to the system and always capable of purifying the blood and restoring health. It is superior to everything else as a cure for blood diseases.

Eczema, Tetter, Acne, Pimples, Boils, etc., while they show on the skin, have an underlying cause which is far deeper-a poisoned blood supply-and until this is corrected and the blood made pure and strong, the distressing itching and burning as well as the disfiguring, ing else as a cure for blood diseases.
Schuylkill Haven, Pa. MRS. CLARA DAUBERT. humiliating symptoms will remain to torment the sufferer. No amount of salves, washes, skin foods, rouge, etc., can reach the trouble; a real blood remedy is re-

quired. S.S. S. cures these and all other skin diseases, and when it has cleansed the blood of the poisons and impurities the cure is permanent and lasting. Rheumatism, Catarrh, Scrofula, Chronic Sores or Ulcers and Contagious Blood Poison are all deepseated blood diseases. When the blood becomes contaminated with the poisons producing these diseases, the entire circulation grows polluted and vitiated, and these painful and dangerous diseases will continue to grow worse and more dangerous until this vital fluid is cleansed of all impurities and made strong and healthy again.

In all these disorders S. S. S. has proved itself a perfect remedy, and has well earned the title of "The King of Blood Purifiers." It goes down into the blood and forces out all poison of every kind, all waste and foreign matter, and makes it pure and health-sustaining as nature intended, curing the disease permanently. Nothing reaches inherited blood taint or old chronic troubles like S. S., and being a strictly vegetable remedy it can be taken by old or young without fear of bad after-effects or injury in any way to the system. Not only is S. S. S. a blood purifier and system builder of the highest order, but a tonic and appetizer without an equal, and is unexcelled in cases of general debility, loss of appetite, weakness, that tired, run-down condition, lack of energy and force, and other distressing complaints common to Spring and Summer months.

If you have any blood trouble write us about it, stating the case fully, and our phycians will help you to get rid of it by free medical advice, and will send books on the different diseases, which contain valuable information, without charge.
